A. Make a grocery list of 10 fruits and/or vegetables. Record the Spanish word, the English equivalent and the price in Euros. (**NOTE:** The Spanish use commas the way that we use periods. For us, 4.35 would be four dollars and 35 cents. For the Europeans – and many others – 4,35 would be the equivalent.)

Item (Spanish)	Item (English)	Price in Euros/1 kilogram
